

Make your next workplace outing a Nautical One!

Learn what it takes to be a *shipmate* with a truly unique company program in Seattle aboard the schooner *Adventuress*!

ADVENTURESS is a National Historic 1913 fully restored gaff-rigged schooner operated by the non-profit **SOUND EXPERIENCE**. The ship operates as an education platform for thousands of children and teens each year.

Workplace Sails are a **3-HOUR PROGRAM** in the morning or the afternoon that can include optional learning activities on navigation, teamwork, marine science and sailing. Your team will work alongside our professional crew of educators for a powerful, hands-on sailing experience.

YOUR WORKPLACE OUTING also supports life-changing programs for young people who need growth opportunities, career-path inspiration in marine science and maritime jobs, and positive life experiences.

COST starting cost of \$3,400 for up to 40 participants, families welcome.

Book your Sail Today!

A limited number of Workplace Sails are available each year; don't wait to reserve your date!

- March 25, Port Townsend
- March 31 (PM), Seattle
- April 1 (PM), Seattle
